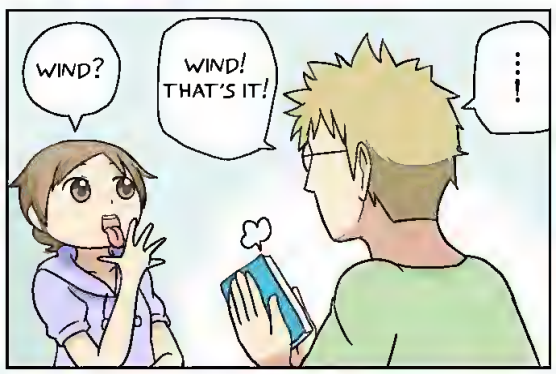
IF YOU CAN USE MAGIC, COULDN'T YOU JUST USE WIND POWER TO BLOW AWAY THE RAIN?



WIND?
WIND! THAT'S IT!

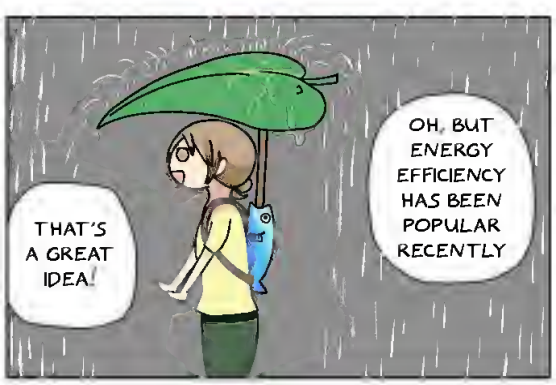
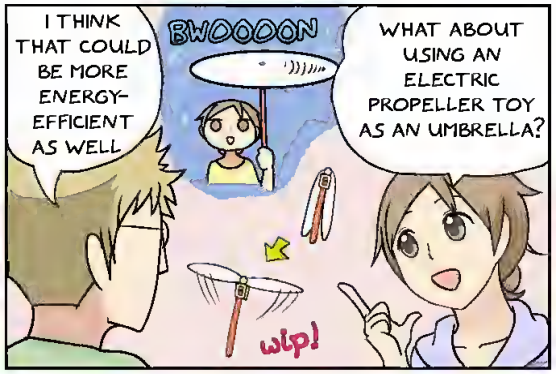
WIND
BWOOOOO
SOMETHING LIKE A BACKPACK THAT COULD BLOW THE RAIN AWAY
IT'D BE CONVENIENT SINCE IT'D FREE UP YOUR HANDS



THAT'S A GREAT IDEA!
OH, BUT ENERGY EFFICIENCY HAS BEEN POPULAR RECENTLY

If You're Okay With That



I THINK THAT COULD BE MORE ENERGY-EFFICIENT AS WELL
BWOOOON
WHAT ABOUT USING AN ELECTRIC PROPELLER TOY AS AN UMBRELLA?

Under One Umbrella

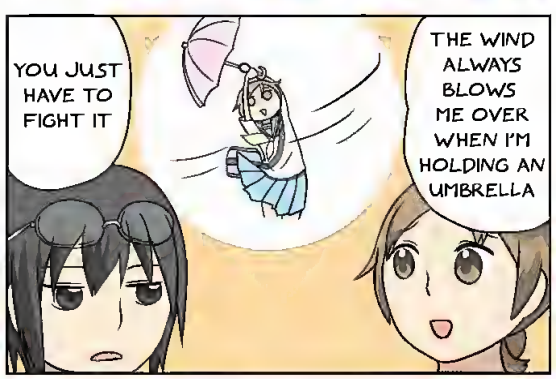
I'M PRETTY CLUMSY, HUH...
NO MATTER HOW CLUMSY YOU ARE, YOU JUST DON'T END UP LIKE THAT.



THE WIND ALWAYS BLOWS ME OVER WHEN I'M HOLDING AN UMBRELLA
YOU JUST HAVE TO FIGHT IT

GOING HOME
WHOOOOSH

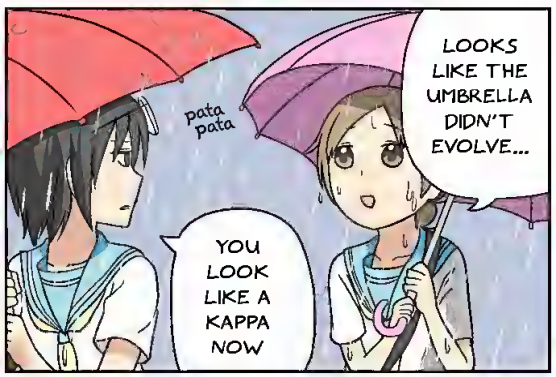
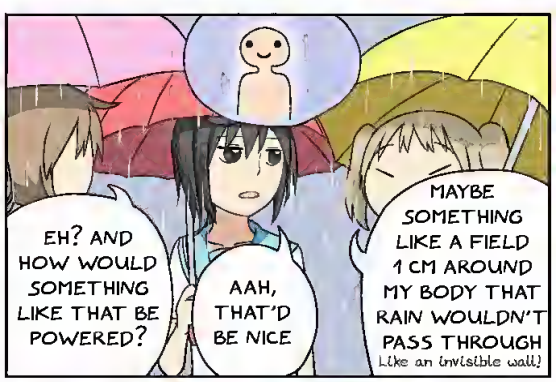
Last Thread Of Hope





EH? AND HOW WOULD SOMETHING LIKE THAT BE POWERED?
AAH, THAT'D BE NICE
MAYBE SOMETHING LIKE A FIELD 1 CM AROUND MY BODY THAT RAIN WOULDN'T PASS THROUGH
Like an invisible wall
